making carers count

In light of Hertfordshire County Council reviewing the county's Drug and Alcohol Treatment Services we will be considering the current services in terms of:

- What's good;
- What's not, and
- What's missing.

Our findings will be reported back to the Public Health Commissioners who are putting together a draft of the new service specification.

We look forward to seeing you there. You can book a place via:

We are happy to discuss travel arrangements with carers who do not have their own transport.
