

## **Contracts for the provision of Drug and Alcohol Services in Hertfordshire March 2019**

Following a full competitive tender, Hertfordshire County Council awarded the contracts for the provision of drug and alcohol services in Hertfordshire and the new services go live from 1<sup>st</sup> April 2019.

The **All Age Drug and Alcohol Treatment Services** will be delivered by “change, grow, live” (CGL). This service will provide evidence-based treatment interventions to those who are still using drugs and alcohol and in early stages of recovery and will support carers of those with drug and alcohol concerns to access the right support.

The local provision will be called Spectrum. Interventions will continue to be delivered from a number of sites and community access points across the county. Services will be delivered to young people separately from the adult provision by Spectrum FYP (Families and Young People) in settings and at times that are accessible, without stigma and young person/family friendly.

The **Community Rehabilitation Services for Adults** will be delivered by The Living Room. This service will provide structured, abstinence-based rehabilitation treatment to adults in Hertfordshire who are addicted to drugs and/or alcohol. The service offers a family-approach to rehabilitation by offering structured group work and personalised counselling support for individuals, families and carers affected by addiction.
